Former Chief Ops Leitstelle 3 O.S.T. To be released by Reference Section ECIC Oberursel about 1 July, where he has served. Will return home to Nurnberg. Subject has requested contact with reliable American agency and address to report info to: ECIC feels Subject one of best CI men; suggests we maintain contact. [] knows and describes Subject as reliable, security-minded, not personally ambitious, extensive knowledge RIS and all German ops vs Poland and Central Russia were under his control. Could easily recruit former Abwehr III personnel. Request MUNI views re [] contact 1) direct at Nurnberg home 2) through whose friend Paul Dexbach at Freising 3) at ECIC after release. Subject disclaims that any Polish material was used in preparation of the manuals on the RIS put out by Leitstelle III Ost. Only a study on the Polish resistance movement, which devoted one chapter to the activities of foreign intelligence services in Poland, may possibly have drawn on Polish documents. Subject believes Polish material used in report on Comintern activities was found by Major Fabian of Ast Breslau (deceased).
